

iSC Chinese Language & Culture Courses

iSC is providing Chinese Language and Culture Courses for members of the Chinese diaspora who do not have access to excellent Chinese education for their children. iSC Chinese Language and Culture Courses are taught by native Chinese speakers that hold either a bachelor's or master's degree, using a relational online format. Each teacher has been professionally trained to teach online courses. The focus of the online courses includes the four skills of reading, writing, speaking, and listening, with Chinese culture woven in throughout. Students at higher levels will also interact with Chinese literature, both classical and modern.
